

Regular feeding results in stronger, healthier plants that are less susceptible to disease. More frequent use is sometimes desirable and will not harm the plants if used as directed.

**Lawns, Groundcovers & Seedlings:** Drench planted area with 5 ℓ of diluted mixture per 10m<sup>2</sup>. Repeat every two to four weeks.

**Seed:** Before sowing seeds, soak the seeds overnight in a diluted mixture of *Organic Supercharger* to boost germination.

**General (for all plants):** Apply diluted mixture to soil surface as a drench. Wet soil and plants thoroughly. Repeat every two to four weeks for optimum results.

**Application rate:** Dilute 10 ml (a bottle cap full) *Organic Supercharger* with 3 ℓ water. *Organic Supercharger* can be applied with a fine rose watering can or a pressure garden sprayer.

#### SHAKE WELL BEFORE USE.

Directions for use: Use only as directed

*Organic Supercharger* is a water-soluble liquid organic plant food concentrate. It contains all the essential nutrients to obtain optimum growth of houseplants, acid loving and all flowering plants, vegetables, herbs, seedlings, groundcovers, fruit bearing plants and lawns. *Organic Supercharger* contains all the macro- as well as micronutrients plus a growth stimulant.

**Organiese Supercharger** vir alle plante

**Organiese Supercharger** is 'n organiese vloeibare plantvoedsel konsentraat . Dit bevat al die belangrikste voedingstowwe vir optimale groei van huisplante, suurliewende- en blomplante, groente, kruie, saailinge, grondbedekkers, vrugdraende plante en grasperke. **Organiese Supercharger** bevat al die makro- sowel as mikro-elemente plus 'n groeistimulant.

**Gebruiksaanwysings:**

**Gebruik slegs soos aangedui**

**SKUD GOED VOOR GEBRUIK**

**Toedieningshoeveelheid:** Verdun 10 ml ( 'n bottle proppe vol) **Organiese Supercharger** met 3 ℓ water. **Organiese Supercharger** kan met 'n fynsproei gieter of tuin drukspuit toegedien word.

**Algemeen (vir alle plante):** Deurweek grondoppervlakte met verdunde oplossing. Benat grond en plante deeglik. Herhaal elke twee tot vier weke vir beste resultate.

**Saad:** Voor saai, week die saad oornag in 'n verdunde oplossing van **Organiese Supercharger** om saadontkieming te bevorder.

**Grasperke, grondbedekkers en saailinge:** Deurweek geplante area met 5 ℓ verdunde oplossing per 10m<sup>2</sup>. Herhaal elke twee tot vier weke.

Meer gereelde gebruik word soms aanbeveel en sal nie plante skade aan doen nie indien gebruik word soos aanbeveel.
